

Kings Of Convenience - Build-up

Tom: **A**

This is my first tab so bare with me. I think it sounds allright. Let me know. I love the Kings...

(Figure **A**)

The Build up... Days... weeks... Long...

When there was two
He could not choose one

So there was none

Worn into... Vaguely...

(Figure **A**) Play "Figure A" with this Part.

The spinning top made a sound like a train across the valley
Fading, oh so quiet, but constant 'til it passed
Over the ridge into the distances, written on your ticket
To remind you where to stop
And when to get off
When to get off
When to get off
When to get off
