(com acordes na forma de **F**)

Capostrate na 3ª casa  
(formerly known as "Amsterdam Song")

Guitar 1: CAP0 ON 3rd FRET (or 1st FRET as played on album)

Intro: (Play this twice)

Verse 1

Through the alleyways to cool off in the shadows

Then into the street following the water

There's a bearded man paddling in his canoe

Looks as if he has come the way from the Cayman Islands

Verse 2

These canals, it seems, they all go in circles

Places look the same, and we're the only difference

The wind is in your hair, it's covering my view

I'm holding on to you, on a bike we've hired until tomorrow

Bridge

## Acordes

Verse 3

If only they could see, if only they had been here  
They would understand, how someone could have chosen  
To go the length I've gone, to spend just one day riding  
Holding on to you, I never thought it would be this clear

(Play intro three times to finish)

Cayman Islands  
Kings of Convenience  
Tabbed by Basso De Felice

This is the tab of the main picking of the song (I think of the nylon stringed guitar) and it is the same for the entire sung part. It might be played with capo at first fret. The tab is not completely exact (I think that the chords are right but the position could be different) but is easy to play and it sounds good.
