

Kings Of Leon - Red Morning Light

Tom: E

Intro: B A G Gb E

You know you could've been a wonder
 Takin' your circus to the sky
 You couldn't take it on the tight rope
 No you had to take it on the side
 You always like it undercover
 Tucked in between your dirty sheets
 But no one's even done nuttin' to ya In between the hollers
 and the screams

Refrão: (B A G Gb E)
 And I said nah nah hey hey
 Another dirty bird ain't givin' out a taste
 In the black of the night till the red morning light

You got your cozy little corner
 All night you're jammin' on your feet
 Hangin' out just like a street sign

And put a twenty dollar trick
 I hear you're blowin' like a feather
 And then they rub it in your face
 Oh once they've had all their fun hun You're at the bottom of
 the cage

Refrão: (B A G Gb E)
 And I said nah nah hey hey
 Another dirty bird ain't giving out a taste
 In the black of the night till the red morning light
 And I said nah nah hey hey you're givin' all your cinnamon
 away
 That's not right
