

Kirk Franklin - Love Theory

```
I don't wanna love nobody but you
                                                                           Gb Cm F7 Bbm Am Abm Db7
                           tom:
                                                              I don't wanna love nobody, love nobody but you
Intro: Gb Bb7
                                                                            Gb
                                                                                         Cm F7
                                                              I don't wanna love nobody but you
                                                                       Bbm
                                                                                       Abm Db7
How can it be that you love the most unlovable part of me, of
                                                              I don't wanna love nobody but you
                                                                                      Cm F7 Bbm
                                                                           Gb
                                                              I don't wanna love nobody, love nobody but you
How could you see your life was the only gift I'll ever need
                                                              Gb F7 Bbm Db7
to be free?
                                                              Loving you will be
                                                                       Bbm Db7
It's amazing with you, I win even if I lose {\sf Cm} {\sf F7} {\sf Bbm}
                                                              will be the death of me
                                                              Gb F7 Bbm Eb7
Everything's working for my good for always
                                                              That's how it's supposed to be
                                                              B Am Abm G7(#11)
More of you, less of me
[Refrão]
                                                              I don't wanna love nobody but you
He saved the day
                                                                       Bbm
                                                                                        Abm Db7
            Gb
He will come through
                                                              I don't wanna love nobody but you
