          F              Am                    Dm      C
Pray for me, i'm afraid that i'm about to lose it all
          F              Am             Dm       C
Pray for me, i don't need gravity for tears to fall
        Gm            Bb              C
You can keep your fancy words and your coloured lies
        Gm        Bb   C                              F
Nothing super-spiritual not this time, just pray for me
     Am                         Dm               C
Cause judging me is not helping me to grow
          F         Am               Dm       C
Pray for me, see the wrong i've done i already know
        Gm            Bb          C
Will you love me if i'm dirty and i've lost my way
        Gm            Bb              C
Till the blood is washed me white and i'm no longer grey
      Gm            Bb            C
If i don't need your approval will you let me stay, and pray
for

Our father who art in heaven, hallowed be thy name
