100,000 years one of the finest tracks ever recorded by KISS in my opinion. It was also a REAL bitch to transcribe since some of the rhythm parts are buried a bit in the mix. The Rhythm parts here should do the job to play this song fairly accurately. Even listening to Double Platinum Solo and ALIVE! didn't really help me with this tune. Ace plays it totally different live, he skips a few passages in the solo and outro that I have transcribed here pretty close. Ace's solo and outros are basically the same, wild repeated unison bends in three different timings. Pay attention to those unison bends at the beginning, I have given approximate number of times to bend, but LISTEN and play with feel. Try not to count it, it will help the feel of the solo immensely. Paul plays sparse throughout and Ace fills in during some verses with doublestops to move the song along. This is a song with great playing, excellent vocals and a great arrangement.. **A** KISS classic!

100,000 YEARS

[Rhythm Fig. 1 w/ Rhythm Fig. 1a]

[Rhythm Fig. 2]
 I'm sorry to have taken so long
 It must have been a bitch while I was gone
 You mind if I sit down for a while
 You'll reacquaint yourself with my style

 Well, how could you have waited so long
 It must have been a bitch while I was gone
 All this time you put up a fear
 For a hundred thousand years

[Rhythm Fig.3 w/ Riff 2]

[Rhythm Fig. 2b w/Rhythm Fig. 2b w/Riff 1]

It must have been a bitch while I was gone
All this time you put up a fear
For a hundred thousand years

And baby won't you let me
I think I'm goin' out of my head

I'm just about to, ooh yeah, ha

[Solo w/ Rhythm Fig. 5]
