[Primeira Parte]

We wake up in the morning and watch our favorite show
 Then I'll play Juliette and you'll play Romeo
 We chase each other down the road
 The road to something new
 No, we won't ever stop
 Doing what we like to do

[Refrão]

We are like he__roes riding the night like we're bulletproof
 We are like he__roes taking the ride like we're letting loose
 There's no stopping us 'cause it's us we trust
 We can do this again and again
 We are like to be he__roes fighting to win
 'Cause heroes never like to lose

[Segunda Parte]

I love it when you tell me that nothing can go wrong
 Now every little hero has a hero song
 I like to think that mine would be a
 Perfect match for me (match for me)
 You could be right there playing it for me

[Refrão]

We are like he__roes riding the night like we're bulletproof
 We are like he__roes taking the ride like we're letting loose
 There's no stopping us 'cause it's us we trust
 We can do this again and again
 We are like to be he__roes fighting to win
 'Cause heroes never like to lose
