

KLB - A Garota de Ontem

Tom: C

(com acordes na forma de
Capotraste na 5ª casa
(intro) G C D G D

(riff)

Adeus é sempre triste, quando um se vai
Aquele que ficar sozinho vai chorar
Ele levou seus sonhos mas deixou alguém
A garota de ontem hoje é de ninguém
Ele cruzou o céu e foi pra outro lugar
E ela sempre procurando aquele olhar
Tão perto e agora, assim, tão longe, só a saudade vem
A garota de ontem hoje é de ninguém

She doesn't know what's right

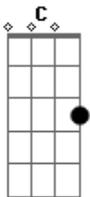

G)

She doesn't know what's wrong
She only knows the pain that comes from waiting for so long
And she doesn't count the teardrops
That she's cried while he's away
Because she knows deep in her heart
That he'll be back someday
(G C G D G E)

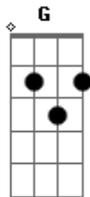

(solo)

Mas, quem sabe, amanhã ao tocar o telefone
Ela volte a ouvir a voz daquele homem
She dreams of his returnig and the things that he might say
A garota de ontem hoje é de ninguém
Yeah, she'll always be the girl from yesterday...
