 I never made it, but I know what it takes
F
 I'm more than faded by a mix of emotion

 So I can understand if who we appreciate mustn't you know
Eb **F**
 Out of this world and right on time
Eb **Dm**
 Oh never in my life have I seen the sky light up like this
Eb **Dm** **Eb**
 I'm far away from earth and I wanna know if you exist
F
 Mission control, do you read me?
Eb
 Send me my coordinates lately
F
 Mission control, am I drifting?
F
 Tell me to someone who will love me
Eb
 Wait, I think I'll have to be longer
F **Eb**
 Find, another reason to breathe this air
Eb
 And now we made for ourselves
F
 This won't be the last time
Eb **Dm**
 Oh never in my life have I seen the sky light up like this
Eb **Dm** **Eb**
 I'm far away from earth and I wanna know if you exist
F
 Mission control, do you read me?
Eb
 Send me my coordinates lately

 Mission control, am I drifting?

 Tell me to someone who will love me
