Well it's your hometown

I think I've outgrown

I wanna travel the world but I, I just can't do it alone

So I'm just waiting on fate to come?

Wrap around me

Think about all the foreign places we could be

I'll be flicking stones at your window

I'll be waiting outside til you're ready to go

Won't you come down? Come away with me

Think of all the places we could be

I'll be waiting, waiting on a brand new day

Riding on waves

Walking on sand

Digging in caves to find the treasures of the land

And if we find gold

Well, we'll just throw it away

We can write stories bout the journeys that we made

We could be big in Japan

I'll be flicking stones at your window

I'll be waiting outside til you're ready to go

Won't you come down? Come away with me

Think of all the places we could be

I'll be waiting, waiting on a brand new day

Waiting on a brand new day

They said they'll keep me here

But I couldn't go another day

I said I'll see you soon

Because I whistle to a different tune

Waiting on a brand new day
