

Kodaline - Love Like This

Tom: C

Running through the heat, hot beat you shine like
Silver in the sun light, you light up my cold heart

It feels right in the sun, the sun

We're running round, round like nothing else can matter in our lives

But wait. but wait, but wait

The sun will stop shining soon

And you'll be dark in my life

Yeah you'll be gone, it's as simple as a change of heart

But I'm not gonna think about the future

A love like this won't last forever

I know that a love like this won't last forever

But I, I don't really mind, I don't really mind at all

Step into the nightlight, it goes dark but you don't mind

Hiding in the back streets, yeah, you never notice me

All that I was thinking about was cleaning up my conscience

Lost in the memory as it shakes up the corners of my heart

Was it my mistake?

Or maybe it was just as simple as a change in your heart

Just as simple as a change in your heart

I know now a love like this won't last forever

I know that a love like this won't last forever

But I, I know that a love like this won't last forever

I know that a love like this won't last forever

(Am F C G)

But I know

I don't mind at all

A love like this won't last forever

A love like this

A love like this

A love like this won't last forever
