She just want head in the morning

She just want lay in the daylight

She ain't tryna do no falling

Don't want love if it ain't right

Walk on the beach on Sunday

Afternoon to make her feel alive

Oh yeah, oh yeah, oh yeah

I can change the story if you let me

Promise in the morning won't forget me

Lady I've been missing California

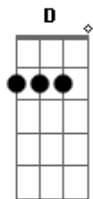

I ain't far from perfect but you get me

Lot of miles getting in the way

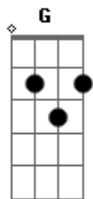

I just wanna get what you want

I've been thinking bout you everyday

Catch a plane and wait for me to come through

She a whole mood, there ain't nothing that I won't do

Chillin at the bar while she back it up

A good girl but she acting up

A good girl but she bad as fuck

She on 10 but I'm catching up

She sweat me and I gas her up

I'll be dumb if I pass it up

Those eyes said I had to jump and her mind said I had to

1, 2, 3

I'm inspired by your energy

4, 5, 6

Feel your spirit on my fingertips

7, 8, 9

Thank your mama cause you so damn fine

And I don't really wanna say goodbye

Let me stay the night again
