

# Kris Allen - No Boundaries

Tom: **E**

[Parte 1]

**E**  
Seconds hours so many days  
**A**  
You know what you want but how long can you wait  
**Dbm** **A**  
Every moment last forever if you feel you've lost your way  
**E**  
What if your chances are already gone  
**A**  
Started believing that I could be wrong  
**Dbm**  
But you give me one good reason  
**A**  
to fight and never walk away

[Pre-Refrão]

**Gbm** **A**  
Coz hear I am - still holding on!

[Refrão]

**E**  
Every step you climb another mountain  
**A**  
Every breathe its harder to believe  
**Dbm**  
You'll make it through the pain, Weather the hurricane

**A**  
To get to that one thing  
**E**  
When you think the road is going nowhere  
**A**  
Just when you've almost gave up on your dreams  
**Dbm**  
Then take it by the hand and show you that you can  
**A**  
There are no boundaries

[Parte 2] (repete os acordes **E A Dbm A** )

[Parte 3]

**Dbm**  
You can go higher  
**A**  
You can go deeper  
**E**  
There are no boundaries  
**A**  
Above and beneath you  
**Dbm** **A**  
Break every rule coz there's nothing between you  
**Gbm**  
and your dreams

[Refrão]
