

# Kris Kristofferson - You Don'T Tell Me What To do

Tom: D

So the highway is where i believe i belong D A

Losing myself in the soul of a song D

A And the fight for the right to be righteously wrong D

It?s a story that?s sad but it?s true

D So i sing my own songs

And i drink when i?m thirsty A

And i will go on A

Making music, and whiskey,

D And love for as long

As the spirit inside me D

A Says you don?t tell me what to do

G Gone are the reasons for changing my mind D

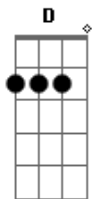

A Gone like the future that i left behind D

G If you want to i warn you

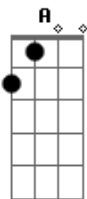

You?re wasting your time D

A You don?t tell me what to do D
