Tom: E

Intro: E A? B7 A B7 E E E

E A? B7
I look up and the hills seem far away

A B7 E E E
They still say more than you

E A? B7
And on my back I see these clouds above

A B7 E E E
They still love me more than you

A A7 E
And I know I don't have to wait for words
E7 A A7
I could walk away and listen to the birds,

E E7
Listen to the birds

A A7 E
Coz they are saying the things I wanna hear

E7 A A7
They don't change, they stay the same, when I'm near

E A? B7
I would dearly love to run away

A B7 E E E
From your shadow for just one day

E A? B7
Coz I would dearly love to run away

A B7 E E E
From your shadow for just one day

Interlude: E A? B7 A B7 E E E

And I don't never want to steal your time
Coz you seem fine and I feel blue
And I don't wanna say the things I do
Coz I know I feel it more than you

And I know I don't have to wait for words
I could walk away and listen to the birds
Listen to the birds
Coz they are saying the things I wanna hear
They don't change
They stay the same when I'm near

I would dearly love to run away
From your shadow
For just one day
I would dearly love to run away
From your shadow for just one day

Oh well, I know I don't have to wait for you,
I could turn around and find someone new
Find someone new
Someone that says the things I need to hear
Doesn't change, stays the same when I'm near

I would dearly love to run away
From your shadow for just one day
Oh well, I would dearly love to run away
From your shadow for just one day
Oh well I would dearly love to run away
From your shadow for just one day

dadadadadadadadada...just one day....
