E Dbm B7 Dm B7
I look up and the hills seem far away

A B7 E
They still say more than you

E Dbm B7 Dm B7
And on my back I see these clouds above

A B7 E
They still love me more than you

A A E
And I know I don't have to wait for words

Am Am
I could walk away and listen to the birds

E
Listen to the birds

A A E
Coz they don't sing the things I wanna hear

D A
They don't change, they stay the same, when I'm near

E Dbm B7 Dm B7
But I would dearly love to run away

A B7 E
From your shadow for just one day

E Dbm B7 Dm B7
Coz I would dearly love to run away

A B7 E

From your shadow for just one day

And I don't never want to steal your time
Coz you seem fine and I feel blue
And I don't wanna say the things I do
Coz I know I feel it more than you

And I know I don't have to wait for words
I could walk away and listen to the birds
Listen to the birds
Coz they don't sing the things I wanna hear
They don't change
They stay the same when I'm near

I would dearly love to run away
From your shadow
For just one day
I would dearly love to run away
From your shadow for just one day

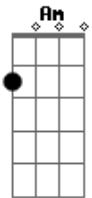

Oh well, I know I don't have to wait for you,
I could turn around and find someone new
Find someone new
Someone that says the things I need to hear
Doesn't change, stays the same when I'm near

I would dearly love to run away
From your shadow for just one day
Oh well, I would dearly love to run away
From your shadow for just one day
Oh well I would dearly love to run away

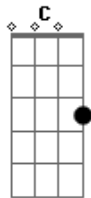

Gbm

From your shadow for just one day
