

# KT Tunstall - Still a Weirdo

Tom: C

(intro) F G Am F G C

No I know I took for granted that things  
Would always go the way I wanted  
Oh I was going to be a treetop  
A sea, a boat, a rock of ages

I dont always get it right  
I'd see it in a different kind of light

Pay my lip service  
Keep it eloquent  
Optimistic but  
Never quite elegant  
Still a weirdo  
Still a weirdo,  
After all these years

( C E C E )

I'd always thought it's automatic  
To grow into a soul less static  
But here I am upon the same spot  
Attempting to lift off into space

I dont always get it right  
But a thousand different ways and I just might

Pay my lip service  
Keep it eloquent  
Optimistic but  
Never quite elegant  
Still a weirdo  
Still a weirdo,  
After all these years

( Bm E D Gb G E Bm E D Gb G A )

Pay my lip service  
Keep it eloquent  
Optimistic but  
Never quite elegant  
Still a weirdo  
Still a weirdo,  
After all these years  
Still a weirdo  
Still a weirdo,  
After all these years  
After all these years
