

KT Tunstall - Thought The Dark

Tom: G

As I walk away
I look over my shoulder
To see what I'm leaving behind
Pieces of puzzles
And wishes on eyelashes fade

Ooooooh!
How do I show all the love
Inside my heart

Well this is all new
And I'm feeling my way through the dark
G, C, G, C, G, C, G

And I used to talk
With honest conviction
Of how I predicted my world
I'm gonna leave it to star gazers
Tell me what your telescope says

Em G

Ooooooh!
what is in store for me now?
It's coming apart
I know that it's true
'cause I'm feeling my way through the dark

Am D
Try to find a light on somewhere

Am D
Try to find a light on somewhere

Am Am Eb G,G
I'm finding I'm falling in love with the dark, oh yeah

Em G
Oooooh!
what do I know I don't care
Where I start
For my troubles are few
As I'm feeling my way through the dark
Through the da...rk
I'm feeling my way through the dark
