

# Kylie Cantrall - Red (From "Descendants: The Rise of Red")

tom:  
[Primeira Parte]

I'm a rebel

I'm a menace

I'm a one girl riot Yeah Yeah yeah

Slippin' through the shadows like I'm ultraviolent Yeah

Yeah

Hearts on the walls

But no love in the streets

Appetite for destruction

A girl's gotta eat Yeah

Devil on my shoulder and it won't be quiet Yeah

[Refrão]

Yeah I'm on a path of destruction

This is gonna be fun

Set it off

Go berserk

Tonight I'll light it up like fireworks

Burn it down

Till all the scene now is red

Red red red

Bando

Soldiers at the ready

Sir yes sir

The Queen is not very friendly

That's for sure

[Segunda Parte]

It's criminal how you follow the crown This in the air

Boots on the ground

I hear the sound and it's getting loud

Yeah Red

Red red I'm breaking in

Call the guards

Raise the alarm Princess of hearts

Lit after dark I'm with the heads

Leaving for dead said red red I'm on a path of destruction

They gon' think I'm all one Set it off

## Acordes

Go berserk  
[Refrão]

Tonight I'll light it up like fireworks

Tear it down then paint the town red red red

I don't want my life brought about so clean Look into my eyes

See the fire in me

Burn it down

Till all the scene now is red Red red

Red red

[Ponte]

Up all night

Right left

Right Never question orders

Or we'll pay the price

Remember what she said

It's either off with their heads

Get the girl

Get the girl

Get the girl get the girl

She's painting our whole world

She's painting our whole world

She's painting our whole world red

[Refrão]

I don't want my life brought about so clean Look into my eyes

See the fire in me

Burn it down

Till all the scene now is red

Red red

Red red

Oh

[Final]

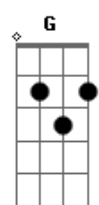

Off with their heads

Red Oh

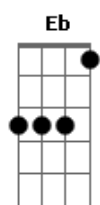

Off with their heads red

Oh off with their heads

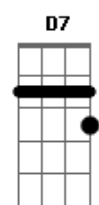

Red
