

Kylie Minogue - Please Stay

Tom: G

Em
I fell in love with you
Am
The moment that we met
Em
And till the end of time
Am
I never will forget
Bm
I lose it every time I'm close to you
Am
Under your spell you know there's nothing I can do

G Bm
Please stay my babe
Em
Who knows when we'll dance again
C Bm
And I don't want to know regret
Am D
I'll do all that I can just to get you
G Bm
To stay my babe
Em
Who knows when we'll dance again
C Bm
And I don't want to say goodbye
Am
But who knows where we'll be after tonight

Em
There's nothing stopping us
Am
You don't have to go
Em
The night is young for us
Am
There's more we need to know

I lose it every time I'm close to you

Under your spell you know there's nothing I can do
