

Labrinth - The Feels

D

[Primeira Parte]

..I got hit by a truck, I got hit by a truck
And it drove off and left me here for dead
A long night here cryin' in the rain, yeah

[Pré-Refrão]

..I got touched by God and it fuckd me up
Like an electrical current crossing through my veins
Lightning came and hit me again

[Refrão]

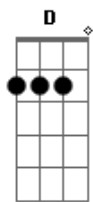

Now I'm in my feels
Way up in the clouds somewhere now
Don't know what's real, real
..I'm lost, gone missin'
I don't even know if I'm here now
But I'm in my feels, feels

..Now you got me lost in emotion

Now you got me intoxicated with your drug

Bloodstream racin', heartbeat pulsin'

The truth of it is I'm in love with you, oh

[Pré-Refrão]

I got touched by God and it fuckd me up

Like an electrical current crossing through my veins

Lightning came and hit me again

[Refrão]

Now I'm in my feels

Way up in the clouds somewhere now

Don't know what's real, real

..I'm lost, gone missin'

I don't even know if I'm here now

But I'm in my feels, feels
