

Lacuna Coil - Falling Again

tom:
Am

I lay looking my hands Am Dm
Em

I search in these lines Am

I've not the answer Dm Em

I'm crying and I don't know G

Watching the sky Am

I search an answer Dm

I'm free, free to be Em

I'm not another liar G Am

I just wanna be myself, myself

And now the beat inside me is a sort of a cold breeze Am G
Dm Em

And I've never any feeling inside, but Am G

Ruining me, bring my body, carry it into another world Dm Em

I know I live, but like a stone I'm falling down

Am Dm

I pray, looking into the sky Em

I can feel this rain Am

Right now it's falling on me Dm

Fly, I just want to fly Em

Life is all mine Am

Some days I cry alone Dm

But I know I'm not the only one Em Am

I'm here, another day is gone, oh-oh Dm

I don't wanna die Em

Please be there when I'll arrive Am

Don't cry, please

Am G

And now the beat inside me is a sort of a cold breeze Dm Em

And I've never any feeling inside, but Am G

Ruining me, bring my body, carry it into another world Dm Em

I know I live, but like a stone I'm falling down

Am G

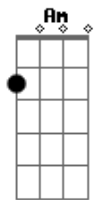

And now the beat inside me is a sort of a cold breeze Dm Em

And I've never any feeling inside, but Am G

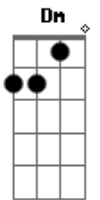

Ruining me, bring my body, carry it into another world Dm Em

I know I live, but like a stone I'm falling
