

Lady Antebellum - Heart Of The World

```
Tom: C
  Intro: C Am F C
Verso 1:
            G
 Ten cans on rattlin' pavement
 Confetti scattered everywhere
 She falls asleep in the seat beside me
Grass caught up in her hair
               G
 I don't mind it, I keep driving,
 flying on these wheels of steel
           G
A bit anxious, a bit nervous
The moment's all that we can feel
Fuel is the soul of the engine
Wine is the drink of the gods
Forgiveness the road to redemption
Faith can still beat the odds
We're meant to be baby hold onto me
               Am F
You'll never not be my girl
Cause love is the heart of the world
C Am C
 I leave him sleepin as I rise early
 Always up before the dawn
 The house is dark, but I see clearly
Kettle sings a morning song
```
