But you just can't find the words

Well I had this dream once
D G C Em7 D
I held it in my hands

G C
She was the purest beauty
Em7 D
But not the common kind

She had a way about her

And for a moment
D G C Em7 D
You made the world stand still
Em7 C G C Em7 D
Yeah we owned the night

G C
You had me dim the lights

You danced just like a child

The wine spilled on your dress

And all you did was smile

I hold it in my mind

When the summer rolls around
And the sun starts sinking down

I still remember you
Oh, I remember you
Em7
And I wonder where you are
C
Are you looking at those same stars again?
D
Do you remember when?

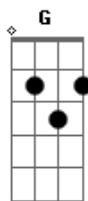

G C
We woke under a blanket
Em7 D
All tangled up in skin
G C
Not knowing in that moment
Em7 D
We'd never speak again
C
But it was perfect
D G C Em7 D
I never will forget

When we owned the night
