

# Lady Gaga - Brooklyn Nights

Tom: G

Verse 1:

I always thought it was you, You always thought it was me.  
 We always thought we were it, seem like a real perfect fit  
 those Brooklyn Nights set us free.  
 I always thought even though, we were so young we could grow.  
 up in the end it'd be us, we take the 'f' or the bus  
 were Brooklyn Nights set us free.

Chorus:

It's not that I don't wanna love you (Don't wanna love you)  
 It's not that I'm really over it, you know (You know)  
 It's just that I can't watch us bleed to death.  
 When we used to be Brooklyn Nights happy.

Verse 2:

I miss our cheap chandelier, 'member when Dad hung it there?  
 and we would watch Rocky IV, the one where the russian  
 scored  
 I loved Brigitte Nielsen's hair.  
 I'd call you my champion, thought we had already won  
 and cracked open our last beer falling asleep in your tears  
 those Brooklyn Nights set us free.

Chorus:

It's not that I don't wanna love you (Don't wanna love you)  
 It's not that I'm really over it, you know (You know)  
 It's just that I can't watch us bleed to death.

When we used to be Brooklyn Nights happy.

Bridge:

I found an old pair of keys on my purse that opened the walk  
 up we shared  
 How did they get there, jerk?  
 I wanna see you there, I wanna make it work  
 I didn't brush my hair and my lashes are falling off of seven  
 years

of our bad luck dating.  
 I want one last night there, a Brooklyn Night affair.

Chorus:

It's not that I don't wanna love you (Don't wanna love you)  
 It's not that I'm really over it, you know (You know)  
 It's just that I can't watch us bleed to death.  
 When we used to be Brooklyn Nights happy.

Outro:

It's not that I don't wanna love you, cause I really tried  
 and  
 I just wanna hang with the old you for just one Brooklyn  
 Night adieu  
 Have a drink with your former self, we both won't act like  
 someone else  
 maybe then we'd both tell the truth for just one Brooklyn  
 Night adieu.
