

Lady Gaga - Look What I Found

Tom: E

[Intro] Dbm B E

I'm alone in my house
 I'm out on the town
 I'm at the bottom of the bottle
 I've been knockin' 'em down
 I can't get back up on my feet
 See the lights on the street like stars

But look what I found
 Look what I found
 Another piece of my heart
 Just layin' on the ground

Under the foggy day
 I'm lookin' for a light
 And my only friend
 Is workin' tonight

I can't get myself out of bed
 Hear these voices in my head like a song
 But look what I found

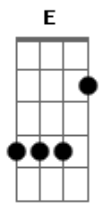

Somebody who loves me
 Look what I found
 Somebody who'll carry 'round a piece of my heart
 Just layin' on the ground

When I met you I was blown to pieces
 Heart all over the floor
 Ever since you put me back together
 I can't believe it won't believe it

Look what you found!
 Yeah baby
 Look what I found
 Someone who'll carry 'round a piece of my heart
 Look what I found
 Whooh!
 C'mon!

Look what I found
 Somebody who loves me
 Look what we found
 Somebody who'll carry 'round a piece of my heart
 Heart just layin' on the ground
