

Lady Gaga - No Floods

Tom: G

(intro) G

D C
I never ever thought I'd live away
G D
from everyone I love and say goodbye
D C
now I'm the princess of a downtown train
G
where everybody here, they know my game
D
but when I walk down the street I hear them say
Em G D
"there she goes, that crazy girl
Em G D
she thinks she's something in this world"
C
So I'mma close my ears and dream
G D
'cause life is never really what it seems
Em G
in every mystery, there's a truth
Em G
you know I'm tellin', I'm tellin' you-

D C
no matter lightning or thunder,
G D
buckets of rainwater
D C G
you can't flood this town

D C
in a world unknown
G
you've gotta hold your own
Em
you can't stop me-
G
you're never ever gonna stop me now

On every street there is a memory,
a time and place where we can never be again

street lights glow red, green, and yellow too
do you let signs tell you what to do?
Yeah, when you say stop,
be sure that I'll say go
to the stars in the land

fire can't burn these hands
but I just close my eyes and dream
you cant deny me my astronomy

in every mystery, there's a truth
you know I'm tellin', I'm tellin' you-

no matter lightning or thunder,
buckets of rainwater
you can't flood this town

in a world unknown
you've gotta hold your own
and you can't stop me-
you're never ever gonna stop me now

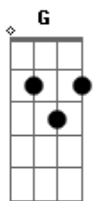

Em G
go ahead and don't believe
Em G
'cause everyone needs a way to breathe
D C G
and love and dream and you can't stop me
A
no you can't stop me

no matter lightning or thunder,
buckets of rainwater
you can't flood this town
in a world unknown
you've gotta hold your own
and you can't stop me-
you're never ever gonna stop me-

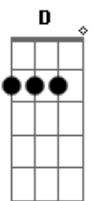

no matter lightning or thunder,
buckets of rainwater
you can't flood this town

in a world unknown
you've gotta hold your own
