

Lady Gaga - Paper Gangsta

Midnight rush, with a pen in my hand
Inkin Lincoln, sand-scripy with a fan
Rememberin me before it began
Sometimes I felt so Def in the Jam
Cuz the ones who loved me, told me to stop
Like homegirl can't catch shit if it drops
A superwoman chick, you know that I am
Some shit don't fly by me in a man

Cuz I do not accept any less
Than someone just as real, as fabulous

Don't want no paper gangsta
Won't sign away my life to
Someone who's got the flavor
But don't have no follow through
Don't want no paper gangsta
Won't sign no monkey papers
I don't do funny business
Not interested in fakers
Don't want no paper gangsta (Oh oooh)
Don't want no paper gangsta (Oh oooh)
Don't want no paper gangsta
Don't want no paper gangsta

Got something really shiny to start
Want me to sign there on your Range Rover heart?
I've heard it before,
yeah, the dinners were nice

Till your diamond words melted into some ice

You should been rapping to the beat of my song Mr. California,
paper gangstera and I'm lookin' for love, not an
empty page full of stuff that means nothing but ''you've
played''

Cuz I do not accept any less
Than someone just as real as fabulous

Don't want no paper gangsta
Won't sign away my life to
Someone who's got the flavor
But don't have no follow through
Don't want no paper gangsta
Won't sign no monkey papers
I don't do funny business
Not interested in fakers
Don't want no paper gangsta (Oh oooh)
Don't want no paper gangsta (Oh oooh)
Don't want no paper gangsta
Don't want no paper gangsta

(Oh oooooooh yeah)x3

Don't want no paper gangsta
Won't sign away my life to
Someone who's got the flavour
But don't have no follow through
Don't want no paper gangsta
Won't sign no monkey papers
I don't do funny business
Not interested in fakers
Don't want no paper gangsta...
