

# Lana Condor - For Real

tom:

Intro: C

I guess I'll see you, when I see you

When there's time to

When shit settles down

Are my tears see through?

Does my heart bleed through?

I learn not to need you each time I leave town

You know I hate to give you up

You know I'm never home enough

But as I drive up Away

The further I get

The stronger I feel

So independente

Alone at the wheel

And maybe cause I'm OK without you

That's how I know that I love you for real

That's how I know it's for real - Oooh

That's how I know it's for real

You're so much more than someone's someone

You can't believe love is filling a void

In these hotel lobbies and these airport coffees

They serve to remind me our love is a choice

You know I hate to give you up

You know I'm never home enough

But as I drive Away

The further I get

The stronger I feel

So independente

Alone at the wheel

And maybe cause I'm OK without you

That's how I know that I love you for real

That's how I know it's for real

I always come home

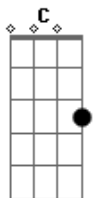

And this hurt always heals

Cause darling I love you for real - Oooh

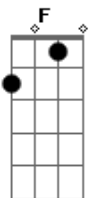

That's how I know it's for real - Oooh

Darling I love you for real
