

Lana Del Rey - Let Me Love You Like a Woman

tom:

Intro: F C G F C G

[Primeira Parte]

I come from a small town, how 'bout you?
I only mention it 'cause I'm ready to leave LA

And I want you to come

Eighty miles North or South will do

I don't care where as long as you're with me

And I'm with you and you let me

[Refrão]

Let me love you like a woman

Let me hold you like a baby

Let me shine like a diamond

Let me be who I'm meant to be

Talk to me in poems and songs

Don't make me be bittersweet

Let me love you like a woman

Let me hold you like a baby

Let me hold you like a baby

[Segunda Parte]

I come from a small town far away

I only mention it 'cause I'm ready to leave LA

And I want you to come

I guess I could manage if you stay

[Refrão]

Let me love you like a woman

Let me hold you like a baby

Let me shine like a diamond

Let me be who I'm meant to be

Talk to me in songs and poems

Don't make me be bittersweet

Let me love you like a woman

Take you to infinity

Let me hold you like a baby

Take you to infinity

Let me love you like a woman

Take you to infinity

[Ponte]

We could get lost in the purple rain

Talk about the good ol' days

We could get high on some pink champagne

Baby, let me count the waves

[Refrão]

Let me love you like a woman

Let me hold you like a baby

Let me shine like a diamond

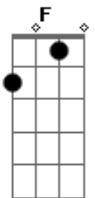

Let me be who I'm meant to be

Doesn't mean songs and poems

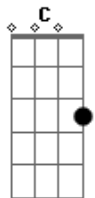

Don't make me be bittersweet

Let me love you like a woman
