

Lana Del Rey - Prom Song Gone Wrong

Tom: C

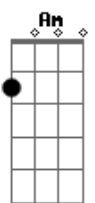

C
Boy, it's late, walk me home, put your hand in mine,
Am
Let the game stop and say, "Be my valentine"
F
You are, by far, the brightest star I've ever seen G
And I never dreamed I'd be so happy that I could die.
C
You used to say that I was beautiful, like Cleopatra,
But you the king, too, so I would say it back at ya.
Am
I flip my hair and make you stare and put my make-up on
And make up stories about my life and that I'm very cherry-
bomb.
F
And even then I knew that we were something serious,
That you would dominate my thoughts like radio deserious.
G
I see you in the hall like "hello, hello"
Up against the wall like let's go, let's go.
F
Let me take you out of this town,
Am
Let me do it right now, baby.
G
Dancing till dawn, staying forever young,
F
Let's get out of this place, 'cause you're starting to waste Am
G
Within this teenage wasteland.
F
You will never see my face
Am
If you don't get me out of this place, now, baby,
G
I'm not crazy.
F Fm
I'm leaving, are you coming with me?
C
If you're lonely, baby, hold me,
You're my only one.
Am
Watching television, kissing till we see the sun.
F
So far we are safe in the dark
G
And I never dreamed that I'd be the queen and I'd be so happy
that I could die.
C

You used to call yourself the Don and call me Queen Diana
You always made me blush and say, "Shut up boy, you bananas"
Am
You pull my hair and push me down and chase me, make me run,
You play me Biggie Smalls and then my first Nirvana song
F
So even though we're no one's friends, we're really serious
I knew you loved me by the way you looked in second period.
G
I see you in the hall like "hello, hello"
Up against the wall like let's go, let's go.
F
Let me take you out of this town,
Am
Let me do it right now, baby.
G
Dancing till dawn, staying forever young,
F
Let's get out of this place, 'cause you're starting to waste Am
G
Within this teenage wasteland.
F
You will never see my face
Am
If you don't get me out of this place now, baby,
G
I'm not crazy.
F Fm
I'm leaving, are you coming with me?
Am
C
I know that they say that all I want is to have fun and get
away for rainy days.
Am
C
I know that they think I've come undone, but all it was, I
wanna run, run, run away.
F Fm
I'm leaving, are you coming with me?
Let me take you out of this town,
Let me do it right now, baby.
Dancing till dawn, staying forever young,
Let's get out of this place, 'cause you're starting to waste
Within this teenage wasteland.
You will never see my face
If you don't get me out of this place now, baby,
I'm not crazy.
I'm leaving, are you coming with me?
