

# Laufey - Tough Luck

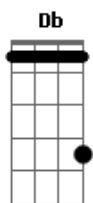

tom:  
**Db**  
**Db Db**  
**Bb7** Are you tired? I can tell that you're tired **Bb7(4/9-)**  
**Ebm** Your eyes turn gray, you beg me to be silent **Gbm**  
**Db**  
**Bb7** You said I can't read your mind  
 But I'm reading it just fine  
**Ebm**  
 You think you're so misunderstood  
**Gbm**  
 The black cat of your neighborhood  
**Db**  
 Tough luck, my boy, your time is up  
**Gbm**  
 I'll break it first, I've had enough  
**Db**  
 Of waiting till you lie and cheat  
**Gbm** **C**  
 Just like you did to the actress before me  
**F7** **Bm** **Eb7**  
 Oops, she doesn't even know  
**Ebm** **Gbm** **Db**  
 You won't be missed, I'm glad to see you go  
 Tough luck, tough luck  
**Db**  
 Since we're spilling secrets  
**Bb7**  
 Does your mother even know? (Mother even know)  
**Ebm**  
 You demoralized, effaced me  
**Gbm**  
 Just to feed your frail ego (oh)  
**Db**  
 When you're screaming at the TV  
**Bb7**  
 Cussing out opposing football teams  
**Ebm**  
 You say I'd never understand  
**Gbm**  
 The things that make a man a man

Tough luck, my boy, your time is up  
**Gbm**  
 I'll break it first, I've had enough  
**Db**  
 Of waiting 'till you lie and cheat  
**Gbm** **C**  
 Just like you did to the actress before me  
**F7** **Bbm** **Eb7**  
 Oops, she doesn't even know  
**Ebm** **Gbm**  
 You won't be missed, I'm glad to see you  
**Db**  
 I should congratulate thee  
 For so nearly convincing me  
**Gbm**  
 I'm not quite as smart as I seem  
 That I'm a loud-mouth nobody  
**Db**  
 My accent and music are dumb  
 Your tattoos are no better, hun  
**Gbm**  
 The proof says you're tragic as fuck  
**Db**  
 The truth is that's just tough, tough luck  
**F7**  
 Tough, tough luck  
**Gb** **Gbm**  
 Tough, tough luck  
 (Tough, tough luck)  
**Db**  
 Tough luck, my boy, your time is up  
**Gbm**  
 I'll break it first, I've had enough  
**Db**  
 Of waiting till you lie and cheat  
**Gbm** **C**  
 Just like you did to the actress before me  
**F7** **Bbm** **Eb7**  
 Oops, she doesn't even know  
**Ebm** **Gbm**  
 You won't be missed, I'm glad to see you go
