[Primeira Parte]

Bm
A You know I never wanted it to be like this
A I had no choice but to face the fear, yeah
Bm You're really good at paralyzing me
A How come you take control even when you ain't here
Bm I know it's better for me if I don't see you
A And my best remedy will be the distance
Bm The problem is that I'm so bad at hiding things
A Yeah it's true, I miss you, I miss you

[Refrão]

Bm I cry all day and drink all night
A Trynna get you off my mind

Acordes

A
But the drug is so hard to quit
[Segunda Parte]

Bm
And I know this is how it's supposed to be, I don't check on
you and you don't check on me
A
But forgetting you, it just won't be enough, tell me why do I
still be thinking 'bout us
Bm
And I know this is how it's supposed to be, I let go of you
and you let go of me
A

compare you to the other guys
