Tom: C

apotraste na 3ª casa

Em
You keep it minimal
C It's just enough to feed my bones G

And in the hard light

D
I'm crying out for more

Em
Come and turn it on

C G D
And run away from your feelings

Em C
And I don't get your dark way of living

G D
Always get me dreaming just to let me down

Bm C
I guess we're scared to leave

Bm C
Oh come on, please

Why don't you

Em C G D
Crave me

Em C
And darling I've been saving

G D
All of my energy

Em C
For when I come and see you're drinking on the streets

And just sipping like

G D
You make me wanna shake it off

Em
And I've been feelin' free for the day

C
But then I'm aching again

G D
And I pretend that I don't crave your love

Em
You keep it minimal

C G
Sometimes I can't feel you at all

D
But every now and then

You make me wonderful

Em C
Live on the edge with me

G D

'Cause we don't really need the rest of them

Em C
But I don't get your cruel way of giving

G D
Oh then taking it right back to the start

Bm C
I guess I'm scared to breathe

Bm C
'Cause all I think I need is you to

Em C G D
Crave me

Em C
And darling I've been saving

G D
All of my energy

Em C
For when I come and see you're drinking on the streets

And just sipping like

G D
You make me wanna shake it off

Em
And I've been feelin' free for the day

C
But then I'm aching again

G D
And I pretend that I don't crave your love

Em
Race round I

C G D
Don't really know, just what

Em C
Darling, I stay

G D
Even when you're gone again

Em C G D
Crave me

Em C
And darling I've been saving

G D
All of my energy

Em C
For when I come and see you're drinking on the streets

And just sipping like

G D
You make me wanna shake it off

Em
And I've been feelin' free for the day

C
But then I'm aching again

And I pretend that I don't crave your love
