Tom: F
Intro: F  Am  F            F  Am  F
```

I've been looking at you with a little something that you've been ignoring

You've been looking at me with it I don't know what exactly but it's boring

Play it cool, but I see through it you should listen to the music

Boy, I know you want it so you better get up on it or you'll lose it, lose it, lose it

```
RITMO: ? para cada acorde

Am       F
Mind if I slow you down
Am       F
No reply, you'll come back

Am                          F
But I know that any minute you'll be back to me
Am        F

Baby could you shut up? Cause I don't need you to come up with excuses

I just need your eyes on me so I can see you watching me move it

So soft and cryptic oh, while you listen to the music

Boy I know you want it so you better get up on it or you'll lose it, I'll prove it
