tom:  
Intro: A7M D7M A

[Primeira Parte]

A7M  
Take another breath

D7M  
And hold it in my chest 'til it hurts

A7M  
Tryin' to make sense of it

D7M  
Doesn't it make it better, it gets worse

A7M  
And I never ask for help

D7M  
I just put it on a shelf where it can expire

A7M  
But it always comes back up

D7M  
'Cause the truth, it never leaves, it just gets louder

[Pré-Refrão]

Dbm7  
Oh, if I could be a bird

Gbm7 Bm7  
Fly over the rooftops and hills

Dbm7  
Just forget about the world

Gbm7 Bm7  
Sing for all the flowers and the fields

Dm A7M  
Ooh, I'd never come down from here

[Refrão]

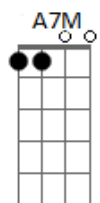

A7M D7M Dbm7 Gbm7 Bm7  
We could start over, sober

E  
'Cause everybody's fucked up

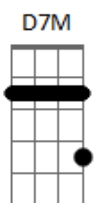

A7M D7M Dbm7 Gbm7 Bm7  
I think we'd be closer if they told us

Dm A7M D7M  
The day that the world will blow up

Mhmm, I'm so tired of pretending shit's just supposed to be this way

D7M  
And that nothing will ever change

A7M  
Got a heart in here for something

Just haven't quite figured out what yet

A7M D7M  
If everyone is hiding and scared of everything they don't care

To be free
