

# Lautaro CDP - Say a Prayer

tom:  
 Loving my girl, should isn't the way  
 Gettin' higher in a night that's overwhelmed  
 A night that sees my lonely to death  
 Any I do can be taken as mistake  
 I don't blame them 'cause those creatures are correct  
 And I think this is what I deserve  
 One day you left from my arms

Come on, babe  
 Say a prayer, make this thing a stray  
 Or at least make a world of you  
 Take the last of your heart or be correct  
 But don't make me be in you soon  
 I'll be one against their faith  
 But I'm not having a good day  
 I have nothing, only lots of vice  
 Why would you like me if I ain't worth the price?  
 I don't want to stay in disguise  
 I don't care what your friends can have to say  
 Who would defend when there's nothing to respect  
 Now I care of what you deserve  
 One day I craved for you in my arms

Come on, babe

## Acordes

Say a prayer, make this thing a stray  
 Or at least make a world of you  
 Take the last of your heart or be correct  
 But don't make me be in you soon  
 I'll be one against their faith  
 But I'm not having a good day  
 I tried to be clean, I tried to be rid  
 I tried to be making decisions  
 I want to start sleep, I want to be neat  
 (And never wake up)  
 Come on, babe  
 Say a prayer, make this thing a stray  
 Or at least make a world of you  
 Take the last of your heart or be correct  
 But don't make me be in you soon  
 I'll be one against their faith  
 But I'm not having a good day  
 But I'm not having a good stay  
 I wouldn't think to start to pray  
 I guess that I'll don't make a change  
 But if your family's gettin' me short  
 I guess that we're not anymore so  
 Goodbye
