

LAUV - A Different Way

tom:
Capostrate na 1ª casa

Could you believe I could be different?
I'll be the difference, I'll lift you high
And I understand your hesitation
Our reputation, it's no surprise

So let me redefine you
And you can see the tide move
Just like tears in the eyes do
And when you're feeling alone
Oh, baby, I'll be right here
Between the sea and silence

So breathe easy my dear
You can find sunshine in the rain

I will come running when you call my name
Even a broken heart can beat again
Forget about the one who caused you pain
I swear I'll love you in a different way

(Em G C)

I know the love, so unforgiving
You've been a victim too many times
And I'll be the thread, hold you together
I'll be forever, will you be mine?

So let me redefine you
And you can see the tide move
Just like tears in the eyes do
And when you're feeling alone
Oh, baby, I'll be right here
Between the sea and silence

So breathe easy my dear
You can find sunshine in the rain

I will come running when you call my name
Even a broken heart can beat again
Forget about the one who caused you pain
I swear I'll love you in a different way

Hey, hey, hey
I swear I'll love you in a different way
Hey, hey, hey
I swear I'll love you in a different way
