

# LAUV - Getting Over You

tom:

C

Running from the morning, think I hit a wall

Am F

Late nights, not you

C F

Running from the moment so I don't recall

Am F

Late nights, not you

C

Waking up in a cold sweat

F

Someone else in this cold bed

Am F

I'd do anything to not be alone

C

All alone with the ceiling

F

All alone with this feeling

Am F

And I wonder if I'll ever let go

C F

I tried spending my nights under someone new

C F

But the truth is I could spend my whole life getting over you

Am F

Yeah yeah yeah

C F

Getting over you

Getting over you

Am F

Getting over you

C F

Getting over you

Getting over you

Am F

Getting over you

C

F

Drowning in my coffee to wash the alcohol

Am F

Out my bloodstream

C F

Sitting here I wonder if we hadn't been at all

Am F

Who would I be

C

Waking up in a cold sweat

F

Someone else in this cold bed

Am F

And I wonder if I'll ever let go

C F

I tried spending my nights under someone new

C F

But the truth is I could spend my whole life getting over you

Am F

Yeah yeah yeah

C F

Getting over you

Getting over you

Am F

Getting over you

C F

Getting over you

Getting over you

Am F

Getting over you

C F

Getting over you

C F

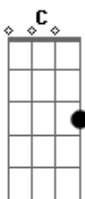

Getting over you

C F

Getting over you
