

## **Leah Nobel - Beginning Middle End**

```
tom:
               A (forma dos acordes no tom de G )
Capostraste na 2ª casa
           G
Sometimes, you get what you've always been wishing for
                   G
And most times, it's not on your deadline, but that's alright
                ВС
I was worn out and jaded from trying on people to love
But you fit so well
When they ask why, I can never explain
But a symphony played when you told me your name
And I took that as a sign
       ВС
Will you be my beginning, my middle, my end?
         G C
Will you be my beginning, my middle, my end?
Will you be my beginning, my middle, my end?
         G C
Will you be mine?
Sometimes, it's hard to see what the future holds
                     G
And most times, it feels like a steep climb, and that's
There's magic in details, the tender small gestures of love
And the way they all add up
```

```
When they ask why, I can never explain
But a symphony played when you told me your name
And it sounded like a sign
         B C
Will you be my beginning, my middle, my end?
Will you be my beginning, my middle, my end?
Will you be my beginning, my middle, my end?
Will you be mine?
Five years later, and I'm still yours
Ten years later, and I'm still yours
Fifty years later, and I'm still your beginning and middle and
Five years later, and I'm still yours
Ten years later, and I'm still yours
Fifty years later, and I'm still your beginning and middle and
Beginning and middle and end (oh)
Will you be my beginning, my middle, my end?
Will you be my beginning, my middle, my end?
Will you be my beginning, my middle, my end?
         G C
Will you be mine?
```
