

Leanna Firestone - Gambling Addiction / Eleven Elevens (Medley)

Intro: **Em** tom:

[Primeira Parte]

I spent all my eleven elevens on someone that didn't want me

Back

Every

Time you'd ask me what I wished for and every time I'd tell you that I

Couldn't tell you that,

Never said a word, but every time I was wishing for you

[Segunda Parte]

I drove an hour and a half to go to a mall I knew had

A fountain and i fished

Every coin I had out of my car and one by one I tossed them

All in And I

Prayed that wherever you were at, One of those

Wishes on one of those coins was gonna get you to love me back

Acordes
