tom:

**A**

[Primeira Parte]

**A**  
You weren't the right person at the wrong time

You just didn't like me that much

**D**  
You weren't some evil mastermind

You didn't try to hurt me on purpose

**E**  
But I thought that you wanted

To attempt and ruin my life (Ruin my life)

**A**  
But then I realized you just didn't like me that much

**A**  
And it wasn't deliberate

**D**  
There was no big plan or some grand scheme

**E**  
I wasn't a target, it would have been someone else if it wasn't me

**E**  
But I am an idiot

**A** **Gbm** **D**  
So it's not your fault that I fell in love with someone? who

**E** **A**  
Just didn't like me that much

(You just didn't, you just didn't)

[Refrão]

**D** **A**  
People say that opposites attract

**Gbm** **E** **A**  
And that the opposite of love's indifference

**D** **A**  
And I guess that when I look at us like that (Like that)

**Gbm** **D** **Bm**  
It kinda makes total perfect sense

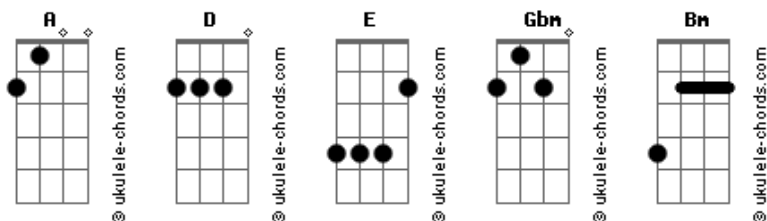

**A**  
Why you just didn't like me that much

[Segunda Parte]

**A**  
You weren't the one that got away

**E**  
You just didn't like me that much

## Acordes

**D**  
You weren't my soulmate and

I thought that must make you my nemesis

**E**  
Deemed you diabolical

**A** **Gbm** **D**  
With vicious, malicious and villainous intentions

**D**  
And then I realized that

**E** **A**  
You just didn't like me that much

(You just didn't, you just didn't)

I know you didn't mean to make me a casualty of your curiosity and

**E**  
I don't hate you 'cause I know you didn't mean to

**Gbm**  
I know you didn't mean to

I hope you didn't mean to
