

LemonSoda - Love At First Sight

```
tom:
Intro: C7M G Gb
Last night, red drink
I saw you for the first time
Smile, your eyes
I don't want to think too much, but I swear
If you hold my hand
I won't be asking why
Cause when I look at your face
I don't wanna say goodbye
    C7M
'Cause I love you since the first time
Baby, I love you since the first time
Baby, I love you since the first time
That I saw you
My hands are shaking
```

Acordes

```
I don't know what to do
My eyes are blurry
But I wanna dance with you
And I swear
If you hold my hand
I won't be asking why
Cause when I look at your face
I don't wanna say goodbye
'Cause I love you since the first time
Baby, I love you since the first time
Baby, I love you since the first time
That I saw you
    C7M
'Cause I love you since the first time
G Gb
Baby, I love you since the first time
Baby, I love you since the first time
That I saw you
