

Lenny Kravitz - Honey

tom:
C

My spirit starts to move when I look in your eyes
 And I'm shakin' baby 'cause your spell has got me hypnotized
 My heart's beating and it won't stop
 My blood's rising straight to the top

When I need you I can't get enough

Oh, yeah
 I need your honey

Oh I need your honey
 I need your honey

Oh I need your honey
 I need your honey

Oh I need your honey
 I need your honey

Oh I need your honey

Ooh baby

It never feels the same it's different every time
 And I'll never ever make you wait when you give me the sign

If you feel it don't hesitate

I am ready I won't be late
 Babe I need you I can't get enough

Ooh yeah

I need your honey

Oh I need your honey
 I need your honey

Oh I need your honey (ah yeah)
 I need your honey

Oh I need your honey (everyday girl)
 I need your honey

Oh I need your honey

It don't take much to turn me on

The clothes that you wear the smell of your hair
 Takes me over

Oh the passion we brew is a love always new

It's so right

Oh babe I can't wait I'll be jumping straight into your fire

Ohhh
 ()

Come let's do it into the night

I am here to make you feel right

When I need you I can't get enough

Oh, yeah

I need your honey

Oh I need your honey (everyday girl)
 I need your honey

Oh I need your honey (ooh ooh)
 I need your honey

Oh I need your honey (Oh, yeah)
 I need your honey

Oh I need your honey
