

# Léo Nascimento (MPB) - Vento Sul

Tom: C

**Am7**  
Tudo é silêncio, brisa não sopra mais

Vazio, paradeiro, invento o cais

Beira de rio manso, sossego enfim  
**F** **E** **Am7**  
Terceira margem vejo dentro de mim

**Am7**  
Cheiro de oceano banha o sertão

Rompe o silêncio, canta com aflição

Beira de rio, penso se fui feliz  
**F** **E** **Am7**  
Não sinto minhas asas, crio raiz

**F7M** **E7**  
Por amor ou vaidade descobri outra verdade  
**Dm** **G7** **Abdim**  
**Am7**  
Encontrei tudo que um dia separei pra poesia, pra cantar

**Am7**  
Olho ao sul e vejo o céu tropejar

Uma paisagem cinza se aproximar

Entrego ao rio as mágoas que eu já senti  
**F** **Am7** **Gm**  
Ergo a cabeça e espero a chuva cair  
**F** **E** **Am7**

**F7M** **E7**  
Molha o chão, rega lembranças, sem perdão desfaz vingança  
**Dm** **G7** **Abdim**  
**Am7**  
Lava o mau, fecha feridas, cria o caus, revolve a vida

**F7M**  
Tormenta passageira castiga a capoeira

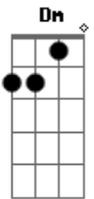

**E7**  
Sopro de temporal abala a catedral  
**Dm**  
Lembro do seu sorriso, me sinto indeciso  
**G7** **Abdim**  
Mas não perco a conduta, firmo com força bruta  
**Am** **G** **F7M** **E7**  
Vento sul, deixa marcas seu caminhar

E quando a chuva dispersar

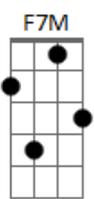

Um novo dia vai surgir  
**Dm7** **E7**

E o mesmo sol vai brilhar
