

# Léo - Desapair

tom:

Intro: C Em Dm G7  
C Em Dm G7

I've lost my cool, I'm not sure how to act  
Not even sure how I can?keep?my pride intact  
Well?i don't know if this is?it but can't you see?  
No I'm not falling for you, so please have mercy on me

'Cause it's not romantic, I swear  
I'm not gasping for air  
I want you to be here, but please don't come near  
'Cause even though I'm pretty sure my head's exploding  
I'm not ready for hand holding  
It's not love, I swear  
It might be closer to despair  
( C Em Dm G7 )

No, I don't want you to teach me how to dance

Get your heart away from me, you'll put me into a trance  
And even though I think about you day and night  
I'm not sure if this whole love thing sounds quite right

'Cause it's not romantic, I swear  
I'm not gasping for air  
I want you to be here, but please don't come near  
'Cause even though I'm pretty sure my head's exploding  
I'm not ready for hand holding  
It's not love, I swear  
It might be closer to despair  
( C Em Dm G7 )

'Cause even though I'm pretty sure my head's exploding  
I'm not ready for hand holding  
It's not love, I swear  
It might be closer to despair
