

## **Letter B - We're Just Fine**

Tom: A

A (47-36 47-36-17

49-38-19)

Water the flowers in your garden

Let them grow towards blue sky

The meaning of life happens every day

Since we belong this universe

There's a mystery in your smile

That brings me the peace I seek

There is something adorable in your eyes

Something hidden that I can't resist

It doesn't matter if the clouds are gray

D It doesn't matter if it's the end of the day

It doesn't matter if it's the end of the day

It doesn't matter if it's the end of the line

Nothing matters, we're just fine

## **Acordes**
