

Lewis Capaldi - Haven't You Ever Been In Love Before?

tom:

G

Don't put your cover up
D
You know it's bad for your health
Em
And when the going's tough
D
You're way too hard on yourself
G
I wish you'd open up
D
And I'd lend a little to help
Em
Before you dive off the deep end
Em **C**
Will you hold me like you want me?
G **D**
But you don't give me nothin' else
Em
Feel this happening
C
But you'll feel absent
G **D**
Can you tell me what it is?
G
And she said this
D **Em** **C**
"Haven't you ever been in love before?"
G **D**
You heard 'em say, it takes the pain away
Em **C**
And it's a feeling that you can't ignore
G **D**
But it's more like a knife to me than a high to me
Em **C**
And my heart can't fall apart anymore
G **D**
If you knew what I knew, you'd be terrified
Em **C**
Haven't you ever been in love before?"
G
If we don't work it out
D
That's something I could accept
Em
But I feel you're ruling out
D
A love that ain't happened yet
G
And maybe I'm a fool

Acordes

D
But I just can't live with regret
Em **D**
I'd rather dive off the deep end
Em **C**
Will you hold me like you want me?
G **D**
But you don't give me nothin' else
Em
Feel this happening
C

Haven't you ever been in love before?"
Em **D**
Well, we could be falling
G **C**
Falling
Em **D**
There's nothing I want more than all that you got
G **C**
'Cause I'm falling
G
And she said this
D **Em** **C**
"Haven't you ever been in love before?"
