Tom: C
Intro: C F C   F

```
C            F              C
I'll take an ocean in my stride

Steal the stars in each her eyes
         D
To your door
      C            F                    C
And time builds a bridge through our bloodlines
          F                    Am
From the roots, we'll watch love rise
         D          F
Heaven knows how it grows
