

## Lianne La Havas - He Loves Me

```
Tom: C
                                                              You love me
  Em7
   You love me
                                                              Especially
 Especia____lly different
                                                             Different
    Em7
Every time
                                                             Every time
You keep me
                                                           You keep me
         C7M
                                                           Am7
On my feet, happily
                                                              On my feet
                                                              Happily
Excited by
                                                             Excited by
Your cologne
  And your hands
                                                              Your cologne
   Your smile
                                                              And your hands
                                                              Your smile
  Your intelligence
                                                             Your intelligence
   You woe me
Am7
   You caught me
                                                              You woe me
                                                           Am7
   You tease me
                                                              You caught me
 You please me
                                                              You tease me
                                                             You please me
  You school me
   Give me some things to think about
                                                              You school me
Ignite me
                                                              Give me some things to think about
                                                          Ignite me
  Co-write me
                                                             Co-write me
   You love me
   You like me
                                                              You love me
                                                           Am7
  Invite me
                                                              You like me
           Em7
                     Am7 C7M B7
  Incite me to chorus
                                                              Invite me
                                                                                   Am7 C7M B7
(Em7 Am7 C7M B7 ) 2x
                                                             Incite me to chorus
                                                           (Em7 Am7 C7M B7 ) 2x
